

Invest In Your Future And Prepare For Pharmacy, Medical, PA, or Nursing School With a **Pharmacy Technician Certification (CPhT)**

WHY CHOOSE PHARMACY TECHNICIAN?

As a Pharmacy Technician, You Will Collaborate with Pharmacists and Other Healthcare Professionals as you Gain Valuable Pharmacy Experience in Both Retail and Hospital Settings.

Pharmacy Technicians assist in improving pharmacy workflows and communicating important information to patients. The workflow of a pharmacy includes prescription intake, data entry, information/medication history collection, compounding prescriptions and dispensing medications.

Pharmacy Technicians also aid in the distribution of information to patients and other healthcare personnel. Pharmacy Technicians, now more than ever, are a vital element to successful healthcare systems.

This is a **fully online CPhT** training & certification course strictly for pre-health students pursuing pharmacy, PA, or medical school. The course is designed to be completed in 12-weeks; however, it is **self-paced**, and there are no deadlines on assignments. Students have unlimited 16-month access to all instructional content accessible virtually via module-based learning. No additional purchases are required for textbooks, laboratory assignments, or study material.

Teri Berry, DNP, FNP-C

Senior Course Instructor

Dr. Teri Berry received her Bachelor of Science in Nursing from Southern Illinois University, Master's in Nursing Management Administration from McKendree University, and Post Master's FNP and Doctor of Nursing Practice degrees from Indiana State University. She is a Family Nurse Practitioner and has worked in various healthcare environments including hospitals, private practice, home health, managed care, and telehealth. After obtaining her DNP she has focused her career on developing higher education course curricula and student education opportunities. Dr. Berry is passionate about mentoring, supporting, and engaging students currently working and pursuing goals within the healthcare environment. She is committed to supporting and guiding students throughout their learning experience.
